FOR IMMEDIATE RELEASE

Sherry Whetten Joins ABA Architects

TUCSON—Sherry Whetten, IIDA, has joined ABA Architects as Director of Technology. ICDQ certified, Sherry earned a Bachelor degree in Interior Design. Her career experiences in design and construction documents drove her to learn more about Building Information Modeling (BIM) and to take her first ArchiCAD software class. Now, in addition to her work with ABA Architects, Sherry teaches her passion for building modeling through ArchiCAD User Clinics. She has also taught ArchiCAD at the Art Center. Sherry is a welcomed addition to the ABA team.

Pioneering the use of BIM and ArchiCAD in Tucson, ABA Architects hosts ArchiCAD User Clinics through Digital Vision the third Thursday of every month from 6:00 PM–8:30 PM at the ABA office (1001 N. Alvernon Way, Tucson). Visitors are welcome to deepen their knowledge of this exciting software through demonstration and lively Q & A.

ABA Architects is an architectural, planning and interiors services firm with more than 30 years of experience. What makes ABA unique is its process of Integrated Project Delivery. ABA's experience includes projects requiring LEED certification, working in a collaborative manner with contractors, and providing expertise in historic renovation or preservation. The firm can be reached at (520) 881-4512 or by email: SLinson@aba-architects.com. Visit online at www.aba-architects.com.
